Get more information about this software and its features at www.IntegrityOK.com

What will be Backup?

- POS Systems—Financial data, Electronic Journals, Item Files, and much more
- Back Office Systems: TCI, BRdata, RTI, and more!
- Store Charge Systems: QuickBooks, IGM, and more!
- Important Documents, Financials, and Photos
- Email—Outlook and Outlook Express

Systems can be restored in hours instead of days! No more worries of PC crashes, viruses, or equipment being stolen. We are on the web at www.IntegrityOK.com

Business / Grocery Pricing:

Plans start at \$19.95 per month for 20GB storage space.

Each additional GB is only \$1.00

Remote Backup

This is a complete backup and disaster recovery solution provided exclusively by Integrity Systems. Remote Backup works like other backup software, with one important difference. Instead of sending backups to a tape, local disk, or other media, Remote Backup sends the information to our data center, backing up your data safely and securely, offsite. For more information, check us out on the web at www.IntegrityOK.com.
